d. Political Implications
e. Chalkbeat Article
f. Many taking a wait and see approach right now, but understand the urgency to move forward as the changes occur and the need to have a curriculum guide up and running in December for the 27-28 school year. Conversation focused on how to keep students taking the exams and what they would equate to. In addition, conversation also focused on how to bring in teachers and parents to the conversation and sharing what we know at this point, understanding that we do not have all of the answers.

7. BOCES Updates - Meador Pratt. Renew data sharing agreement with College Board. Superintendents will be getting an email from David Ehrlinger. Please let them know. Meador will share with us so we know it was sent to the superintendents.
8. Need 'Em, Got 'Em - Lynbrook will be putting out the ad for Superintendent of Schools.
9. For the Good of the Order - AP Collegial Circles at CSH.
